Weather Forecast.

For North Carolina—Fair Saturday, fresh northeast winds; Sunday fair, colder in interior.

Mrs. Stegomyia Fasciata didn't seem to be in it with Col. Roosevelt at New Orleans on Thursday.

A London doctor asserts that "smiles are the best aid to health." Must we take 'em before eating or after?

Says the Salisbury Globe: "A South Carolina dispensary man says he refused a $30,000 bribe from a whiskey firm. He must have been deaf." Might have been the lowest bid.

A New York dispatch says: "Several of the insurance magnates are to take the stand in the insurance investigation." Won't make much difference if they do take it. They have already proved to us that they took the cake.

Miss Alice Roosevelt was brought face to face with the real meaning of the protective tariff. Her father will have to pay in tariff duty about 25 per cent of the value of the presents she got abroad. The percentage shows what the standpatters stand for.

Says the Maxton Scotish Chief: "Mr. W. E. Glenn, the concrete block man, of Wilmington, is in Maxton installing the plant for the manufacture of the concrete stone for the new Methodist church." It will please be noted in the abstract what a solid class of citizens we have in Wilmington.

Says the Atlanta Journal: "The standpatters are crying. 'Don't touch the tariff while the country is prosperous.' But the country is prosperous in spite of the tariff, not because of it." The Republicans, however, will go right on relying on prosperity to aid them in persuading the people to "let well enough alone."

The Washington Post remarks: "'The South must solve the negro problem,' says the President. The South understands that, and is doing its best with the task, despite interference from the North." The President has come down here and probably got stuck on the strenuous way in which the South deals with a problem when it is to be met face to face.

LOCAL DOTS.

—British steamer Othello, Capt. Cox, hence for Liverpool, Oct. 12th, arrived out yesterday with cargo of cotton.

—Mr. W. H. Yopp has been granted a permit to extend a tin-roof shed, 14 feet long, at his fish packing establishment in the Market house alley.

REVIVAL MEETING CONTINUES.

Rev. J. C. Massee Preaching With Power at First Baptist Church.

The meetings at the First Baptist church continue with increasing interest and a great work is being done in the community. Last night the congregation was large and Rev. J. C. Massee preached a great sermon, which had a visible effect upon his hearers. Rev. Mr. Massee will conduct services to-day at 3:30 P. M. and 7:30 P. M., and to-morrow at 11 A. M. and 7:30 P. M. Throughout next week the revival will continue with service each day at 3:30 and 7:30 P. M. Mr. Parrish, is leading the singing with great enthusiasm and vigor. He will remain until the services are over.

An Instant Success.

The Cross Creek Building Association, recently organized in Fayetteville, was an instant success. Its first series of stock now shows subscriptions to fourteen hundred shares, with the demand not yet supplied. The "Cross Creek" is splendidly officered and is certain to become one of the most useful and successful financial enterprises ever established in the historic old city of Fayetteville.

SYNOD IS ADJOURNED

Great Meeting of North Carolina Presbyterians Past Week At Red Springs

AT STATESVILLE NEXT YEAR

Important Reports on Home Missions. Concert by Students of College—Barium Springs Orphanage—Other Notes.

The third day's session of the North Carolina Synod at Red Springs opened with devotional exercises by Rev. F. M. Allen. A committee with Dr. J. R. Howerton as chairman was appointed on the question of gaining possession of Montreat, a delightful resort 16 miles east of Asheville, the same to be used as a place of Bible study and Chautauqua exercises. A report of the committee will be made at the next meeting of Synod.

Rev. R. P. Smith, Synod's superintendent of missions, made an interesting report, showing many evidences of progress and prosperity. Churches and Sabbath schools have been organized, mission schools started, new fields opened and over 500 converts received; 1,200 children have been taught by teachers who have given their services without remuneration; 195 churches have contributed and 217 have given nothing. The year closes with the committee in debt to its workers $35,500. The synodical evangelist, Dr. William Black, reports having, during the year, preached 351 sermons in 28 places, having 800 conversions, 378 of whom united with the Presbyterian church; $1,074 was raised for synodical missions and $500 for congregational expenses.

The following recommendations were offered: First, that the Synod endeavor to raise $1,000 for this cause during the year, in addition to present indebtedness; the second was of a general character as to the opening of the churches to the superintendent to raise collections and exhort to greater liberality. Rev. J. M. Wells offered the following recommendations, as a substitute: 1. Synod re-affirms its confidence and interest in the work: 2. Synod expresses its great sadness over a debt of $3,500 on the work and requests that the following churches allow the superintendent to visit them and raise contributions: First church, Charlotte; Second church, Greensboro; First church, Asheville, Winston, Wilmington; First church, Raleigh, Salisbury, Concord and Durham; 3. That all other churches having preaching more than once a month take up a collection in November for the cause; 4. That the committee meet before January 1st and map the work for next six months on the basis of the funds in hand; 5. That Synod endeavor to raise $6,500 in June, 1906 for the six months following; 6. That the stronger churches be requested to assume the support of individual home missionaries. The burden of these resolutions is to have the present debt lifted and then, in the future, have the work conducted on strict business basis.

The Synod adjourned yesterday to meet next year in Statesville.

Thursday night, the faculty of the Southern Presbyterian College and Conservatory of Music gave a concert, complimentary to the Synod, and the programme was delightfully rendered. The ladies participating in the concert were: Miss Mary Forman, soprano; Miss Johnsie Basen, violinist; Miss Elnora Sample, organist; Miss Florence T. Jones, Miss Caroline E. Forman, Miss Mary Johnston, Miss Lida Law, Miss Grace Adams, Mrs. Linda L. Dardell, pianists.

Devotional exercises under the direction of the regents of the Orphans Home of Barium Springs, were led by Rev. Jethro Rumple. The report indicated that the institution was in a magnificent growing condition. It has 163 children. The receipts for the past year from all sources, $13,223 and disbursements, $12,152.

The indebtedness of the home was $2,600 and subscription will be made among the churches to retire it. Dr. Howerton delivered an address on the basic principles which founded the orphans' home. The speech was highly commended and will have its effect upon the church's distribution of finances.

ATLANTIC YACHT CLUB.

Annual Meeting Last Night—Election of Officers.

The annual meeting of the Atlantic Yacht Club was held last night in the Mayor's office at the City Hall. Mr. H. G. Fennell, the president, was in the chair and Mr. E. Schulken, the secretary, kept a record of the proceedings. The past season was discussed quite enthusiastically and the affairs of the club were found in most satisfactory condition. A number of recommendations as to improvements for next season were discussed but action was deferred until a special meeting to be held in the Spring. The following officers were elected:

President—W. B. Cooper.
Vice President—M. F. Allen.
Sec. and Treas.—E. Schulken.
Superintendent—J. S. Hooper.
Executive Committee—J. T. King, Eugene M. Beery, H. G. Fennell, W. B. Cooper and M. F. Allen.

Wilson-Sinclair.

Formal invitations reading as follows have been received: "Mr. and Mrs. Leon A. Wilson request the honor of your presence at the marriage of their daughter Irene Louise, to Mr. James Sinclair, on the evening of Wednesday, the fifteenth of November, at seven o'clock, First Methodist Church, Waycross, Georgia." Admission to the church will be by card. A reception at the home of the bride's parents will follow the ceremony from 7:30 to 10 o'clock.

NOTES OF THE Y. M. C. A.

Meetings For Men and Boys—Bazaar —Skating and Sports.

The meeting for men at the Y. M. C. A. tomorrow afternoon will be especially interesting. Mr. James H. Parrish, of Ownesboro, Ky., will lead the singing and will sing a solo selecting for this a gospel song which will contain an inspiring lesson. The Acme Male Quarette will also render several selections appropriate to the occasion. Rev. C. W. Kegley will address the meeting upon a subject helpful and elevating in character.

Progress is being made towards the organization of an indoor baseball league which will play games during the Winter. The captains have been selected and these will choose their own teams. They are David Seifert, Milton Gore and Lacy King. These will select the best material in the city from which to fill up the positions on the teams. Some spirited games will soon be in progress and will give great pleasure to all the lovers of the national game.

The personnel of the boys' football team so far as known will be as follows: A. Bleuthenthal, L. Kahn, A. D. Rhodes, Jr., S. Royal, F. Poisson, C. Terry, W. A. Wright, Louis Hanson, F. Duls, L. Meredith, C. LeGrand, Ed. Besseleau and Bennett Dunn. Other players will be added as they prove themselves able to hold positions.

Mrs. C. C. Covington, president of the Ladies Auxiliary, called a meeting of the body of ladies yesterday afternoon and a large number responded. The business was in connection with the Congress of Nations or Bazaar which is to be held beginning on the 6th of December for three days. The members are showing great enthusiasm in the elaborate plans that have been worked out.

The Association will to-day secure several pairs of roller skates for those who wish to skate and these will be sold to members at a very nominal cost. It is about decided to make this a membership privilege instead of charging 25 cents and allowing the public the privilege as is done in other cities, thus making the membership more valuable to the member without adding to the cost.

The boys' meeting tomorrow morning will be addressed by Mr. C. E. Vale, upon a subject of especial interest to boys and they should hear him. Master Leon Jewell will play the piano and probably Master Harry Solomon will play a violin solo. Ten o'clock is the hour. The meeting will last just 45 minutes. All the boys of the city are invited.

CUMBERLAND COUNTY FAIR.

Tournament and Races Yesterday—The Clay Pigeon Shoot.

Fayetteville, Oct. 27.—The last day of the Cumberland Fair was featured by an exciting tournament and racing in the afternoon. The tournament was participated in by seven knights and the result was as follows: N. A. McArthur, 71st, first prize, on a score of 13, a handsome saddle and bridle; Joe Ward, second prize, handsome pair of horsemen's leggings, on a score of 10; Hunter McPherson, 3rd prize, pair of spurs, on a score of 9; the fourth in order was G. W. Hall, Jr., of Red Springs, on a score of 7; S. W. Tillinghast fifth in order on a score of 6.

The trap shoot yesterday afternoon was won by Mr. Phil Haigh, with Mr. L. A. Williamson second. There were two purses offered for the first and second scores, $20 and $10, respectively.

Following is the record of the racing yesterday afternoon: Entries—third class—purse of $150; General (blood bay), Wilcox driver; Stone Walker (pacer-sorrel), Duncan driver; Bettie Jones (trotter, light bay); Billy G. (star-facer sorrel), Gormsley driver. First heat won by General—time, 2:21 1-4. After first heat Billy G. was withdrawn on account of lameness. Second heat won by the Stone Walker —time, 2:23 2-5.

LEG BROKEN ON SCOW.

Young Mr. Lawrence Burriss Brought Up From Down River.

At 12 o'clock last night young Mr. Lawrence Burriss, 20 years of age, an employe on the government tug Richard Caswell, which is tending the dredge Ajax, at work on Lilliput shoals just below Big Island, down the river, suffered a fracture of the left leg, just above the knee. The dredge is being operated night and day and Mr. Burriss is employed on the night shift. About midnight a quarter line slipped up above one end of the scow about to be towed away by the tug and Mr. Burriss was caught and thrown down violently, breaking the leg.

The young man was brought up to the city on the tug Caswell and taken from the government wharf at foot of Wooster street to the James Walker Memorial Hospital, where he was attended by Dr. C. T. Harper. Young Mr. Burriss lives with his brother, Mr. Ernest L. Burriss, at No. 118 South Eighth street.

Wilmington Fifth Port.

Reference to the statement of the net receipts of cotton at all ports in the United States since Sept. 1st, published in the commercial columns of the Star this morning, will show that Wilmington is the fifth cotton port in the world, only Galveston, New Orleans, Savannah and Norfolk leading her in receipts. Wilmington has received 138,170 bales since Sept. 1st while the receipts at Charleston have been only 88,077, and Mobile, 77,040. Wilmington is the fourth cotton exporting port in the United States, a large part of Norfolk's receipts in transit being counted.

Their Infant Daughter.

Mr. and Mrs. S. E. Bessent have the sympathy of many friends in the death of their infant daughter, Miriam Camille, aged one and a half years, which occurred at the family home, No. 215 Harnett street, yesterday evening. The funeral will be conducted from the residence at 4 o'clock this afternoon and the interment will be in Bellevue cemetery.

DENIAL BY M'CRAW

In Statement Made Public He Retracts Charges Contained In Original Letter

SAYS HE KNEW NOTHING

Christian Science Faith Exonerated of Blame in Causes Leading up to Killing of Mrs. Wright—Letter From the Jail.

It was announced exclusively in these columns a few days ago that T. A. McCraw, the white man in the county jail here charged with the murder of his mother-in-law, Mrs. Mary E. Wright, on the morning of October 12th, would in a few days, make a complete retraction of certain sensational charges made against the Wright family and the Christian Science denomination, of which Mrs. Wright was a member, contained in a letter which was found on his person after his arrest. The charges at the time were too flagrant to inspire belief and were not published for those and other reasons. In a letter to his wife on Thursday and in a public statement to the press above his signature, McCraw write as follows:

"There was a letter found in my pocket to the Dispatch upon my recent arrest, a part of which was published and a part of which was suppressed. Will most truthfully say that the letter was written when I was in a crazed condition, as I was when I committed the crime with which I am charged and I really know nothing of either. If I said anything against the character or chastity of my dear wife I wish most positively to contradict it, for I believe my wife to be a pure and virtuous lady. While her mother treated me very wrongfully she was nevertheless virtuous. I certainly can say nothing personal against any Christian Scientist, nor do I wish to refer to any character for they are above reproach. It all seems like a dream and I regret it so much. There was a piece in the Dispatch claiming that I told my wife that I was so much under the influence of liquor that I knew nothing of this unfortunate affair—this I deny. I have seen my wife only last Saturday, the 21st, and to-day, 26th. I told her that I was completely crazed and walked the streets unconsciously all the night previous to the unfortunate affair and really knew nothing of it or the letter I had published. The condition of my mind I attribute to a continued separation from my wife and three sweet little children for nearly three months, which naturally caused me to drink more than I would have done. I made all manner of overtures, all of which (without a cause) were met with positive denials. All those together completely dethroned my mind for the time being.

"Asking the patience of a kind and generous public I publish this in justice to all concerned."

AT THE ACADEMY OF MUSIC.

Woods-Browning Stock Company—Matinee and Night Performances.

The Woods-Browning Stock Company at the Academy of Music last night gave infinite satisfaction to the largest audience of the week, presenting "A Prisoner of War," a story of the recent Russo-Japanese war. The play was well presented and the specialties were unusually strong.

This afternoon at special matinee, especially for ladies and children, "Down on the Farm" will be presented and every child on a paid admission to the show will be presented with a toy as a souvenir of the occasion. The display has been in the show window of I. Shrier during the past week and the little ones will be especially interested in the dispensation of the gifts this afternoon.

To-night the startling melodrama "Deadwood Dick" will be given a realistic production and something out of the ordinary is assured. A "barrel of money" will be presented to some one at the close of the performance and all dtvotees of the theatre are urged to be on hand for the distribution.

Country Real Estate.

There were filed for record yesterday at the Court House deeds from Thomas W. Davis, Esq., to Hugh MacRae & Co., and Thomas W. Davis, Esq., to Hugh MacRae, individually, several tracts of land in the country. The lands were purchased by Mr. Davis as trustee and the considerations named are merely nominal. Hugh MacRae & Co., acquire by the deed to them six tracts in Masonboro and Harnett townships, containing 5½, 20, 129.8, 430 and 600 acres, respectively. The deed to Hugh MacRae is for 100 acres of land adjoining property of T. J. Vann and others, in Harnett township.

Elks' Pool Tournament.

The pool turnament at the Elks' Club last night was completed with the exception of players in the first class for the handsome prize offered by Dr. Thos. B. Carroll, the Exalted Ruler. In that contest Messrs. H. G. Smallbones, Jr., and F. P. Turrentine are to play off some night next week, the time to be mutually agreed upon by the two contestants. In the second class, Mr. B. B. Jackson won the prize offered by Dr. John C. Wessell and in the third the winner was Mr. D. B. Sinclair, the prize having been offered by Mr. H. J. Gerken.

Funeral of Mr. Doyle.

A telegram has been received from Mrs. Doyle in New York, stating that on account of the delay in the coroner's inquest it would be impossible to leave New York with the remains of her husband, Mr. Geo. W. Doyle, until last night, arriving here Saturday evening at 6 o'clock. The remains will be taken to St. James' church whence the funeral will be conducted at 9:30 o'clock Sunday morning.

AT LUMINA TO-NIGHT.

Dancing and Many Other Attractions—Comfortable and Cosy.

Now that Lumina has been enclosed with glass and been made comfortable and cosy, despite the Wintry blasts from the North, the first of a series of week-end dances will begin there to-night and an excellent orchestra has been provided for that purpose. The Consolidated Company has put on an all-enclosed car service and the trip to the sound or beach will be found pleasant and invigorating. The luscious oyster is served in most delectable fashion at Lumina and an evening of rare enjoyment is assured all who take the trip to-night. A large Victor talking machine has been installed at Lumina and will be used in interspersing numbers of the orchestra.

Country Negro Paid Costs.

John Roseman, colored, of Burgaw, related to Justice Bornemann yesterday that he had fallen among thieves and been robbed of something like $8 in money. He accused George Robertson, another negro, who assisted him in unharnessing his horse in an alley near Front street market, of the theft, but when the case came to trial Roseman could not make good and was taxed with the cost of what was adjudged a malicious prosecution.

Distinguished Preachers Coming.

Rev. G. M. Painter, a returned missionary from China, will preach at the First Presbyterian church Sunday morning and the Rev. J. M. Rose, D. D., at night. Both Rev. Mr. Painter and Dr. Rose are in attendance upon the North Carolina Synod at Red Springs, and come by Wilmington at the invitation of Dr. Wells, the pastor.

Wreck Causes Delay.

The passenger train from the North was four hours late last night, arriving about 10 o'clock. The delay was caused by a freight wreck just outside of the yard limits at Petersburg, Va. A freight train ran into a hand car left on the track. No one was injured.

IS THAT AN ONION YOU'RE SMOKING?

Only a joke between two friends, of course; but there's a foundation for the jest when some cigars are smoked. Why not get a good "weed" when the Vann's Special is sold at retail for so low a price? What price? 5 cents for one, $2.25 for a box of 50. Your friend will ask you what you're smoking only to get a similar cigar for himself.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Friday Morning, October 27.

WILL BREAK PARTY LINES.

In Chicago on Wednesday there assembled what the reports of the Associated Press term the Inter-State Commerce Law Convention. The convention was to have organized on Wednesday but when the promoters ascertained that a large number of the delegates presenting credentials were opposed to President Roosevelt's policy of government rate making, they raised a row and wanted to bar them from participation. Some warm speeches were made in which it was charged that the railroads had sent the opposing delegates with a view to capture the convention that it may be given out to the country that the convention disapproved of Mr. Roosevelt's policy. The upshot of it was that the anti-government-rate-making delegates were refused admission.

The Inter-State Commerce Law Convention met on Thursday for business with about 900 delegates clamoring for admission. The anti-rate men were on hand but the convention refused to allow them representation. They constituted about half the delegates and the outcome was that both factions held conventions.

The original convention held its meeting in Steinway Hall and the antis met in Studebaker Hall. The Steinway Hall (the regulars) convention was called to order by Judge S. H. Cowan, of Texas. Then the Studebaker Hall delegates appeared and demanded admission but they met with a stout refusal, although properly accredited, unless they would agree to support the President's rate plan. Many delegates objected to that procedure demanding that they be given the right of free speech.

The report of the meeting tells us that other delegates charged that the so-called antis "were sent by the railroads and other alleged unfair interests to pack the convention." A number of exciting scenes followed before the final split came.

The regulars held Steinway Hall and Mayor Dunne made them a speech of welcome. Former Governor J. T. Campbell, of Ohio, and former Congressman John H. Kern, of Indiana, made speeches and declared in favor of the President's policy. Former Governor Vansant, of Minnesota, made an address in which he said:

"Let it be definitely and immediately understood whether the people exist for the railroads or the railroads for the people. In a word let it be forever determined whether this is a government by the people or a government by the corporations. The President is right. A free people will not long submit to the tyranny of its creatures. The time has come to call a halt."

It was a cinch that the regulars adopted resolutions endorsing the President's policy. It should be stated that this convention was composed of Republicans and Democrats.

Over at Stedebaker Hall the antis felt grouchy over the manner in which they had been put out, and wanted to appeal to the President to decide which is the regular convention, but a resolution to that effect was laid over. A feature of the anti convention was an address by D. M. Parry, of Indianapolis, against the government rate making proposition. He said that 'if you favor government rate making you abandon the principle of industrial freedom and private ownership of capital and align yourselves with the socialists who would confiscate the returns on capital."

Both conventions elected officers, and will claim that they are "the convention."

What does it all amount to? Nthing except that it shows that there is a great difference of opinion among prominent men about the wisdom of government rate making. The antis also embraced men of both parties and it all goes to show that it is a question that will divide party lines. That is pretty apt to be the way the parties will act when Congress meets and takes up the question. It is a momentous one and we are likely to have the ablest debates heard in Congress in half a century.

THE RAILROAD CONGESTION

The Star has already noted the tremendous agricultural, industrial and commercial activity which has overtaxed the carrying capacity of the railroads to meet the onsweeping development of the country. We may perhaps partially realize what that astounding development is when such far sighted and enterprising people as the railroaders let it get ahead of them. Speaking of the car shortage all over the United States the New York Journal of Commerce says this in extenuation of the failure of the railroads to keep up with the demand for transportation:

"The railroad managers have not exercised all the foresight in providing for an increase of business that might reasonably have been expected of them, but they have had much to do in increasing carrying capacity in the last few years. The demands upon their financial resources have been heavy, and this has caused difficulty in providing for future development at the very time when the opportunity seemed to be otherwise favorable. No sooner had our vast system of internal communication been fairly built up than it was necessary to reconstruct it to a large extent. There was need of straightening lines, reducing grades, replacing bridges and other structures with stronger and more durable material, and of laying heavier rails. Almost simultaneously came the demand for larger cars and more of them and more powerful locomotives, and the innovation of making cars of steel instead of wood followed. The requirements for all this new construction and equipment made a heavy demand for capital, which could not always be readily met. At the same time and for the same reason the cost of material and labor advanced. It is hardly strange that the companies have failed to keep up with the demands made upon them at a time of exceptional harvests and unusual industrial activity."

We cannot fail to note in the above the changed conditions which the railroads have to face. They are compelled to keep up with the march of progress and it is about to relegate their present motive power, carriage equipment and warehouse facilities to the rear. Not alone that—they have to lay heavier tracks, build stouter bridges, and practically revolutionize their systems. This is what it requires to keep up with the times and it shows what a wonderfully progressive age in which we are living. It also causes us to reflect what a hurculean task this government would have in owning and operating the railroads, which at present require the shrewdest management of at least 50,000 able men of this country.

CURRENT COMMENT.

—"I am in the habit of telling the truth in my speeches," said Gen. Grosvenor; and then the Philadelphia Republicans promptly thanked him for declining the invitation to take the stump for them.—Washington Post.

—A Missouri schoolboy has given the best definition of friends we have heard. "A friend is a person who knows all about you and likes you jest the same." Fortunate is he who has such friends.—Nashville American.

—Yes, congress will probably impeach a public official for taking campaign contributions from corporations. That interesting departure will occur about the same time that the pigs begin to circle in airy flights around the dome of the capitol.—Pittsburg Dispatch.

—President Roosevelt says: We are to have the Panama canal in a comparatively short time." Mayor Dunne promised municipal ownership in Chicago "immediately," and former Statistican John Hyde is coming back from London "Soon."—Washington Post.

—The packers doubtless smiled audibly when they read Secretary Wilson's statement that thereafter the "packers would have to pay for meat inspection." They know who will pay for it—and it won't be the packers, either—Galveston News.

—The leather trust is getting ready to make it necessary for the people of this country to pay more for their shoes. Evidently the leather trust people have confidence in the prediction that the tariff will be "readjusted" by its friends—when they get good and ready—Chicago Record-Herald.

—Oconee is the latest county to vote out the dispensary and the majority of those voting was perhaps greater than that in any other county yet voting. Following the usual procedure constables will likely be withdrawn from the county, and following the procedure further they will soon be sent back again.—Columbia Record.

—"Ma," said the little boy, rushing in the kitchen, "Mrs. Prune next door wants to borrow your flatirons. Says she wants to throw them at a cat." "The nerve of it," replied his mother. "But that ain't the worst of it, ma." "What else?" "It is our cat she wants to throw them at."—Chicago News.

THE COTTON MARKETS.

New York, Oct. 27.—After early nervousness the cotton market firmed up and closed at a net advance of 12 to 16 points or within 15 points of the high level of last Wednesday. Business showed a continued contraction with sales for the day estimated at 500,000 bales. The opening was steady at a decline of seven points on October which was influenced by liquidation owing to notices, while later positions were one to four points higher in response to higher cables. October rallied to about the closing figures of yesterday right after the call and later was neglected, while later months eased off during the first half hour under bear pressure and a continuation of the liquidation noted, which was encouraged by favorable weather. Around 10.39 for January or 6 to 9 net points lower, the market rallied on covering by yesterday's sellers and a little fresh demanded by smaller estimate for tomorrow's receipts at leading points and during the balance of the session ruled steady to firm on the large exports and reports of a big spot demand in the South. The close was steady and within a point or two of the top. Southern spot markets were unchanged to one point 1-8c net lower.

Receipts at the ports today were 57,078 bales against 63,671 last week and 67,320 last year. For the week estimated 280,000 bales against 319,685 last week and 399,287 last year. Today's receipts at New Orleans 4,612 bales against 10,538 last year and at Houston 15,808 bales against 10,398 last year.

THE DRY GOODS MARKET.

New York, Oct. 27—The volume of trade in the dry goods market today increased somewhat owing to the fact that the increase in the price of raw material caused buyers to take more interest in the situation. In certain instances, buyers operated further ahead than they were inclined to a week ago.

Fall River, Oct. 27.—Sales in the printcloth market for the week are estimated at 75,000 pieces. The local market has continued quiet and practically featurless. There has been no change in prices, the tone remaining firm. The falling off in business and the lack of interest which both the buyer and seller are showing, can be traced to pending wage questions.

NOTED YEGGMAN CONVICTED.

Sent to Penitentiary For Robbing Postoffice at McColl.

By Wire to the Morning Star.

Greenville, S. C., Oct. 25.—Thomas F. Lacy, alias "Newark Toney," a noted yeggman whose operations up to last Christmas were confined to the west and Mexico, was convicted in the Federal court here to-day of robbing the postoffice at McColl, on December 9th, and was sentenced to five years in the Federal penitentiary at Atlanta. On expiration of the sentence he will be tried by State courts for cracking a railroad safe. The maximum penalty under the State laws is life imprisonment. Lacey is said by Postoffice Inspectors and private detectives to have robbed a postoffice in Texas, a bank at Evansville, Ind., a bank at Manchester, Tenn., and to have served a term in the Misouri penitentiary.

FORTY YEARS OF LIFE WERE THROWN AWAY

Rejoicing of Man Whom Death Had Stared in the Face—There is Hope For Others.

The Keeley Institute, Greensboro, N. C.:

I want to thank you all for the kind treatment I received while at the Keeley Institute at Greensboro, N. C. I will soon be sixty years old, and had been a whiskey drinker for forty years, and for the last ten years a very heavy drinker. I have always been a man that thought a great deal of his credit, but I got to the point where I felt it was getting shaky, and I was ashamed to meet my creditors and friends. I was in a terrible fix, and I tried every way to quit drinking, but I could not do so. I saw death staring me in the face.

I was always opposed to going to Keeley, but at last I made up my mind to go, and I went to Greensboro eighteen months ago, and I am proud of the fact that I went. I am a new man and a better man with more energy than I ever had before. I owe it all to the Keeley Cure, and the kind doctor and good attendants at the Keeley Institute. A. A. MOODY.

RUSSIAN RAIWAY STRIKERS.

Eight Thousand Men at St. Petersbrug Will Go Out.

By Cable to The Morning Star.

St. Petersburg, Oct. 24.—At a meeting of 8,000 railway men held in the University to-night it was decided to declare a strike on all railways operating with St. Petersburg beginning to-morrow. It also was decided at the meeting to send deputations to Prince Hilkoff, minister of railways, and Count Witte, president of the committee of ministers, and present to them addresses demanding political reforms, included among them the convocation of a constituent assembly elected by direct universal suffrage. The deputations could not find Prince Hilkoff, but were received by Count Witte, who pointed out that the address contained many demands which would not be realized in any country, and also many which were worthy of attention. He said that a constituent assembly was quite impossible and contended that the suffrage and other political demands had nothing to do with the question of the railroads. The count promised that liberty of meeting and of the press would be promptly granted. He advised the men to end the strike and peaceably formulate their demands.

Moscow, Oct. 24.—The strikers have damaged the water conduit between Moscow and Mytishtchi and some sections of Moscow are without water. A meeting of ten thousand strikers today decided to prevented telegraphic communication which already is becoming very difficult. The strikers later began besieging the post and telegraph offices. They are determined to prevent the dispatch of all mails and telegrams.

NAMELESS CRIME AT ATLANTA.

Merchants' Wife Assaulted by Negro and Community is Excited.

By Wire to The Morning Star.

Atlanta, a., Oct. 26.—Mrs. G. W. Moore, wife of a merchant on Peachtree road, near this city, was assaulted by a negro this morning. The track hounds have been following the negro all day, but at a late hour tonight he had not been captured. The county police continue to search tonight and toomrrow a large posse and members of the county police force will take up the hunt. There is considerable excitement in the community where the crime occurred and it is feared the negro will be lynched if caught. Mr. Moore has offered a $200 reward for the capture of the negro.

Two fast passenger trains on the Chicago Rock Island and Pacific railway collided head-on at a point one mile south of Fairfield, Col., yesterday. Four persons were killed and between 15 and 20 injured, none fatally.

A Washington dispatch states that Mrs. Mary Mabel Rogers under sentence of death in Vermont for killing her husband, was yesterday granted leave to proceed on appeal before the Supreme Court of the United States as a pauper without payment of costs. The record in the case will be printed at public expense.

Orders were received at the Charlestown, Mass., Navy yard, to install a complete and powerful towing outfit on board the supply ship Blacier, now in the Newport News yards and ordering that the ship to be ready to sail about December 1st for Sparrows Point, Md. There she will joint the colliers Brutus and Caesar and tow the largest floating steel dock in the world around to the Philppine islands. The dock probably will be stationed at Manila for the use of the United States navy. It has a lifting capacity of 20,000 tons.

HAPPY RESULTS.

Have Made Many Wilmington Residents Enthusiastic.

No wonder scores of Wilmington citizens grow enthusiastic. It is enough izens grow enthusiastic. It is enough to make anyone happy to find relief after like the following are but truthful representations of the daily work done in Wilmington by Doan's Kidney Pills:

J. E. Bloodworth, residing at 30 South Front stret and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I nad snooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in any one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills. and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt, a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

REPUTATION.

The Atlantic National Bank's reputation has been years in building and we feel that the community as well as ourselves are proud of its success. The Atlantic has made Wilmington famous as a banking point, and we will spare no effort to maintain our reputation as conservative, safe and accommodating Bankers.

JOHN S. ARMSTRONG, President,

J. W. YATES, Cashier.

The gain in new building and industry in North Carolina is greater than at any period in the State's history.. The North Carolina Home Insurance Company, of Raleigh, N. C., should receive its proposition of this prosperity as compared with the percentage of new business given to it in periods of less industrial activity. Give it the insurange on the desirable new properties you have to offer. It will help to build up our home State and continue the great era of prosperity now enjoyed by our people.

SPIRITS TURPENTINE.

—Another new factory has been launched at High Point to manufacture scroll and panel work and is promoted by Messrs. J. P. and D. S. Hayworth. Work on the building will begin at once.

—All interested in the cultivation and price of cotton are requested to be present at the Cotton Growers' meeting at Maxton, Saturday, the 28th inst. when Hon. E. D. Smith, president of the South Carolina Cotton Association, will address the farmers.

—A $20,000 damage suit was instituted against the Southern Railway Company, in Guilford Superior Court on Thursday by Gaines C. Winningham on account of the loss of a leg at High Point, Sept. 14th, when plaintiff's foot was crushed by the wheels of train No. 29 at High Point.

—"East Carolina News: "Hon. Geo. T. Winston and Dr. Talt Butler of Raleigh, will address the people of Duplin at Kenansville on the first Monday in November. You are requested to urge upon your neighbors to come out and hear these two distinguished speakers. It wil be the Farmers' Rally Day."

—At Raleigh on Thursday the State auditor completed his return of taxable values of property in North Carolina. The listed property aggregates $355,395,921; railways, 70,108,025; bank stock $9,505,138; corporation excess, $9,550,346; building and loan associations, $841.270; grand total, $442,400,700.

—The Secretary of State, at Raleigh, has found two very important documents, one being a pamphlet published by the Governor in 1831 containing the Mecklenburg Declaration. The other document is the original copy of the Journal of the Provincial Congress at Hillsboro, in 1775. He has found also, the minutes of safety of Tryon and Surry counties.

—Argument was heard before Judge McNeill late Wednesday afternoon at Asheville in habeas corpus proceedings to test the legality of the imprisonment of A. Kosky, a tailor of Asheville, for debt. After hearing argument in the case Judge McNeill held that the imprisonment was unlawful and ordered the discharge of the defendant.

—At Durham on Wednesday Edward, the little son of Rev. and Mrs. T. A. Smoot, while playing in a small automobile with several companions, fell out of the machine and was caught by the neck between the sharp sides of the tin portion of the car. Had he not been quickly rescued and given medical attention he would have died, for as he hung, he was rapidly choking to death.

—A Durham dispatch on Thursday says: Mrs. E. P. Carr, the aged mother of General Julian S. Carr and of Mrs. William A. Guthrie, of this city, is very ill and her loved ones fear that the end is not far off. Mr. Carr is the widow of the late Wesley Carr, of Chapel Hill, and for years she has divided her time with her children. General J. S. Carr, Mrs. W. A. Guthrie, and the late Dr. A. G. Carr, of this city; Mrs. J. F. Heightman, of Old Trinity, of Chapel Hill. She is now in her ninety-first year.

—Raleigh Post, Oct. 26th: An order was made yesterday in the Supreme Court for the hearing of the noted mandamus case of Page vs. The City of Raleigh, in which Judge Justice at the last term of the Wake county Superior court granted a mandamum directing the Aldermen of Raleigh to call an election on the question of "open saloons" or "dispensary." the hearing on appeal to be at the end of the docket for the Tenth District. This means that the argument will be heard Wednesday or Thursday of next week.

—A Greensboro dispatch Thursday evening says: Up to adjournment this afternoon 25 witnesses for the government had been examined in the case in Federal Court against the Old Nick Williams Company, N. Glenn Williams and D. E. Kennedy, or less than half of the witnesses for the prosecution. The defense has a large number of witnesses and, at the present rate, the testimony will not be all in before the first of the week. To-day's witnesses are mostly dispensary keepers, saloon keepers and druggists who testified with reference to the purchase of whiskey from the defendant. The trial is dry and tedious and only those directly interested are attending.

—A High Point special on Thursday says: All doubt has been removed as to the building of the High Point & Winston Inter-Urban railway in the signing here yesterday of the contract for the construction work. The road will now be completed without delay. For a year or more this road has been the talk and, all along, the promoters said it would be built. There were many who rather seriously doubted the undertaking as several had talked of such a road before, but nothing came out of the talk. However, these latter gentlemen from Danville, Pa., came here, determined to build the road if any encouragement was offered and now the people of High Point will see the road is in running order before many months. About two months ago rails were laid in the city. The work will start at this end of the line, where the work was left off.

—Florence (S. C.) Times: "Everybody in this section of the country remembers having heard of the famous Lowry gang in North Carolina which operated for years to the terror of the whole country. Most of the people will also remember reading recently in this and other papers that Henry Berry Lowry, leader of the gang was still alive and was in Mexico and was anxious to return to this country and had petitioned for a pardon that he might return. In this connection the readers of this paper will be interested in knowing that one of the Oxendines a brother in law of Lowry, passed through this city a few nights ago going to New York from Mexico. He went down there 28 years ago and had become independently wealthy by working in Mexican mining properties. He talked freely to various gentlemen that he met and to them he said with the greatest earnestness that Lowry was really dead, that there is no truth in the recent story of his being alive in Mexico. Oxendine declared most solemnly that he had assisted in the burial of his brother-in-law, and that his body was buried in a hollow log in the swamp to avoid suspicion. There was $60,000 offered as a reward for the return of his body dead or alive."

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

An Admirable Crichton

[Original.]

To say that a man is an Admirable Crichton means that he has many accomplishments in which his skill is remarkable. The original Crichton spoke twelve languages, could dispute in Latin on any subject, was a master of fencing and all manner of sports, besides being an excellent actor.

I once knew an Admirable Crichton. He possessed a genius for everything except money making. His name was Lawrence Dudley. As the real Crichton was in the service of the Duke of Mantua, a tutor to the duke's son, so Dudley, after taking every honor in the universities he attended, went south and tutored in the family of a wealthy planter named La Fourche. He taught Marie La Fourche music and prepared young Ben La Fourche for college. This was in the autumn and winter of 1860-61, and the spirit of civil war was red hot in the south. Dudley had so fascinated many of the planter families that the fact of his being a Yankee did not change their enthusiasm for him. However, it finally came to his ears that La Fourche had been advised to send him north to save him from rough treatment. Dudley asked La Fourche if his presence in the household was compromising.

"By no means," replied the planter. "Everybody knows my loyalty to the south. Moreover, if you leave, Ben will not be ready for college, and I am anxious to have him enter next June."

"Then you are quite willing that I should maintain my position?"

"Act your own pleasure."

The next day a printed circular was received by each and every man in the place whom Dudley knew, challenging all comers to argue the question brewing between the states with knife, pistol, small sword, cutlass, lance, javelin, halberd, any kind of weapon that had ever been used by contentious man. In any other part of the world such a circular would have excited laughter. In the south, where the tourney of old has often sprung up like a flower from a root dormant for centuries, the case was different. The young planters of high degree met informally for consultation as to what should be done. They decided to send a polite note to Dudley accepting the challenge, the test to come off in a tourney. The day was set, though Dudley averred that the meeting should be no gloved affair and none but the necessary men witnesses should be present.

The parties met in a secluded spot hedged in by trees. There were three men present, each of whom had received a circular, as well as several strangers who had got wind of the affair and come uninvited. The first man pitted against Dudley was Stewart Anderson, who had studied defense with foils in Paris and had fought several duels with the rapier. The two men faced each other in shirt and trousers and began to fence. Within a minute Anderson's sword went flying over a tree. With true southern fire he called on Dudley to finish him. Dudley put his hand on his heart, bowed low and said he would not deprive the south of so worthy a gentleman.

The next affair was with pistols, and Dudley ended it with a quick fire, shooting the knuckle off his opponent. This was followed by an engagement with cutlasses, Dudley's opponent having been especially trained with this weapon while at sea. Dudley parried the man's thrusts for awhile and then gave him a blow with the flat of his cutlass that stunned him.

This finished the contests so far as the regular entries were concerned, but as the men were putting on their coats the strangers stepped forward and demanded a chance at the Yankee. They were of a very different texture from the young planters, who had fought honorably and abided by the result, and evidently meant by hook or by crook to kill Dudley. The planters attempted to interfere, but Dudley objected, offering to give all comers a chance at his life.

The gang put forward a desperado whose skill with the bowie knife was celebrated. There was a change in Dudley the moment he set eyes on the man. There can be no fooling with bowie knives, and Dudley knew that he must kill or be killed. The onlookers gathered about, expecting to see a desperate struggle. They were disappointed. The signal to begin was given by a pistol shot. Almost before the shot ceased to reverberate Dudley's knife was buried in his opponent's heart.

There was an awed silence for a moment. Then the strangers made a rush for Dudley. The opponents he had vanquished sought to protect him, but before they could do so he had killed two more of the gang, when the others took to flight.

Dudley invited his opponents to the La Fourche plantation, where, standing by a sideboard with a glass in his hand, he recited an improvised humorous account of the affair in verse.

How much longer Dudley maintained his position in the south I never learned or whether he entered the Union army. In the seventies I visited Italy, and while chatting with a friend who lived there he remarked:

"By the bye, we have an American here for all the world like that Scotchman who served the Duke of Mantua. He is a professor in the university. He can run faster, shoot straighter, drink harder, talk more languages, write better verse, deliver better sermons than any scholar, pirate or clergyman that ever lived."

"Oh, I know who that is! It's Lawrence Dudley."

"That's the man—Dudley. Around here they call him Crichton."

The Morning Star.

WILMINGTON, N. C.

Saturday Morning, October 28.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the act of Congress of March 3, 1879.

VERY LITTLE HOPE FOR LAWYER PATRICK

Motion For Reopening of Argument of Appeal Denied—Most Likely Will Be Electrocuted.

By Wire to The Morning Star.

Albany, N. Y., Oct. 27.—The Court of Appeals today denied the motion for a re-argument of the appeal of Albert T. Patrick from the conviction of murder in the first degree and sentence of death for the killing in 1900 of W. M. Rice, an aged millionaire of New York city. The motion was made October 2 by former United States Senator David B. Hill.

The decision apparently deprives Patrick of his last hope of interference so far as the courts of this State are concerned with the execution of the death sentence, first passed upon him in March, 1902. The court of appeals within a few days will assign a new date for the prosecution of the original sentence.

One of the points raised by Senator Hill in his motion for a re-argument of the appeal was the propriety of Judge John Clinton Gray, of the Court of Appeals, sitting in the case, in view of the fact that his son, Henry G. Gray, had participated as assistant district attorney in the prosecution of Patrick in New York city.

The opinion of the court holds that the propriety of Judge Gray's sitting in the case was for him alone to decide. If any objection was entertained to Judge Gray's participation in the hearing of this appeal, it should have been made at the commencement of the argument when the court declares if he had sought the counsel of his associates they should have advised him that it was his duty to sit. Counsel should not have awaited Judge Gray's action, and finding that action unfavorable, now take the objection.

Senator Hill announced tonight that he hoped to carry the Albert T. Patrick case to the United States Supreme Court, and he incidentally reiterated his opinion as to the propriety of Judge Gray's sitting in the case.

Whether the United States Supreme court will accept jurisdiction by recognizing the presence in the case of any Federal question, or having accepted it, how its judgment will affect the final disposition of the convicted man, are questions upon which learned lawyers here express widely different opinions.

It is more than five years since the alleged murder took place. Jones, W. M. Rice's valet, who confessed the actual killing of Rice at Patrick's alleged instigation is said to be living on a ranch in Texas. He turned State's evidence and never was tried for the murder.

Meantime the courts have heard and decided against Patrick in his civil suit for the possession of the bulk of Rice's great fortune under an alleged will of Rice which the court's refused to recognize as valid.

RAILROAD RATE REGULATION.

Split at Chicago Convention Results in Two Organizations.

Chicago, Oct. 27.—Both the "regular" and the "anti" session of the Inter-State Commerce Law Convention adjourned sine die to-day after passing resolutions without making any efforts at reconciliation, and as a consequence there will be two regularly organized bodies working in the interest of railroad rate legislation. The title adopted by the "anti" convention for the permanent organization is Federal Rate Regulation Association, while the "regulars" retain the name, "Inter-State Commerce Law League."

The "anti's" elected N. W. McLeod, of St. Louis, president of its association and selected an executive board. The purpose of the Federal Rate Regulation Association as outlined by President McLeod are to be similar to those of the Inter-State Commerce Law League. President McLeod was authorized to select a board of twelve delegates at large to formulate by-laws and rules of the association.

The "regular" convention to-day adopted resolutions endorsing President Roosevelt's plan for Federal regulation of freight rates by enlarging the powers of the Inter-State Commerce Commission. President Roosevelt is to be fully informed of the action taken by the league.

At the close of the "regular" convention the Executive Committee met the organized the Inter-State Commerce Law League for the ensuing year by electing these officers:

Chairman—E. P. Bacon, Wisconsin.

Vice-Chairman—J. E. Howard, Kansas.

Secretary—Adolph Muller, Illinois.

Treasurer—R. S. Lyon, Illinois.

It was decided by the Executive Committee of the league to organize in every State and to enter on a vigorous campaign for the success of the Roosevelt rate regulation plan.

The report submitted by the resolution committee of the "anti's" was adopted unanimously. The resolutions as adopted declare "the railroads shall be kept within their defined rights" and that "such legislation be taken as will remedy existing evils." Members of the so-called "anti" convention protested that they had not come to Chicago in the interests of the railroads.

WARM WIRELETS.

Henry St. George Tucker, president of the Jamestown Exposition Company, was at the War Department yesterday and had a conference with Secretary Taft with reference to the War Department exhibit at the exposition. He has had similar conferences with other members of the cabinet. He is going to Europe in the interest of the exposition and has procuded credentials from the State Department.

Cephas Poindexter, colored, under sentence to hang yesterday at Rocky Mount, Va., for the murder of U. S. Deputy Marshal Zack Wade, whom he shot to death with a shot gun while resisting arrest, was at the last moment reprieved for two weeks by Governor Montague. The reprieve was granted to allow some evidence to be presented to the Governor looking to a new trial.

NARROW ESCAPE FOR PRESIDENT

Fruit Steamer Esparta Collides With Lighthouse Tender Thursday Night

MR. ROOSEVELT UNINJURED

Magnolia Had Three Holes Made in Her Hull Under Water Line and Had to Be Beached—President on Way Home.

By Wire to The Morning Star.

United States Flagship West Virginia, October 27, via New Orleans, October 27.—(By wireless)—At 11 o'clock last evening through confusion of signals the fruit steamer Esparta collided with the lighthouse tender Magnolia which was conveying the President, Secretary Loeb, and Dr. Rixey to the cruiser West Virginia. The rail and port bow of the Magnolia were damaged and two or three holes made in the hull below the water line. No one was hurt. The Magnolia immediately upon being struck was beached, her bow being high and dry. After a careful examination of the damage to the vessel it was evident that there was no danger and the President and party went to bed. Major Craighill of the United States Engineers, was aboard the Magnolia. His ship, the Ivy, a sister ship of the Magnolia, had preceded the Magnolia and was some distance ahead. A boat was immediately put off for the nearest telephone about a mile and a half away and the order given to head the Ivy off at Pilot station and have her return for the President and his party. The transfer was made at 3 o'clock this morning. The vessel got under way immediately and the West Virginia was boarded on schedule time.

Particulars of Accident.

New Orleans, Oct. 27.—After a narrow escape from losing his life in an early morning collision in which the lighthouse tender Magnolia on which he was traveling was struck by the steamer Esparta and so much damaged that he had to abandon her, President Roosevelt is now safe on board the armored cruiser West Virginia, bound for Hampton Roads. Neither the President nor any member of his party was injured in the accident.

The first news of the accident reached New Orleans by telephone early this morning in an appeal for help from Captain Rose of the United Fruit Company's steamer Esparta which came from Nairn, La., near where the accident occurred. His report gave no details.

The Magnolia left here at 6:30 last night and the Esparta was due to arrive today at Chalmette. The weather was fine, with comparatively little wind on the river. Immediately upon the receipt of the news communication was opened with tug owners here and the powerful tugs R. Wilmet and B. D. Wood left New Orleans shortly after 4 o'clock this morning with orders to go at full speed to the scene of the accident.

Meantime, however, the President's party had managed to get in communication with the lower part of the river where it was known that the lighthouse tender Ivy was lying. At 1 o'clock the operator at Pilot Town was rung up by Major Craighill, the government engineer, with orders that the Ivy should be sent to Sixty Mile Point with all possible speed. The Ivy immediately got under way and covered the forty miles in rapid time.

Never Touched Him.

President Roosevelt, Secretary Loeb, and Surgeon Rixey with their baggage were at once transferred and the Ivy proceeded down the river. At 8:15 the Ivy passed Pilot Town on her way down, signalling that the President and party were on board and that all were well.

The Ivy reached the West Virginia at 9:40 and the President at once went aboard. The lighthouse tender Ivy returned from the sea after putting President Roosevelt on board and stopped at Pilot Town. Those on board reported that the West Virginia had sailed at 10:55. They said that the President was in excellent spirits and unshaken by the accident. At the time of the accident at 11 o'clock the President, absolutely worn out by his strenuous experience in New Orleans, was fast asleep. He had turned in shortly after the vessel left New Orleans. The two ships were near the west shore when they came in contact in an effort to avoid running into each other. The prow of the Esparta struck the Magnolia on the port bow. It was not known to what extent the Magnolia might have been injured and there was greater haste in pushing her ashore. Both vessels grounded but the Esparta got off under her own steam and was found not to have suffered any damage.

The President showed no excitement when informed of the extent of the disaster though he was somewhat annoyed by the probability of a delay because it was evident that the Magnolia could not proceed on the way. He dressed immediately and those of his party hurriedly made arrangements for his transfer to the Ivy which was intercepted and brought back to the scene of the accident. Except for the loss of some sleep the President suffered nothing by the collision. The whole party transferred to the Ivy, that vessel was speeded down the river, meeting with no further mishap.

Thoughtful Congratulations.

Immediately upon hearing of the accident and escape of the President, Mayor Behrman sent the following dispatch by wireless to the President:

"New Orleans, October 27, 1905.

"President Theodore Roosevelt,

"Aboard Cruiser West Virginia:

"New Orleans is overjoyed to learn that you and your party escaped without injury and regrets inexpressibly the discomfort the accident occasioned. We pray that your voyage home will be safe and delightful.

(Signed) "MARTIN BEHRMAN,
"Mayor."

Governor Blanchard sent the following:

"New Orleans, October 27, 1905.

"President Theodore Roosevelt,

"Aboard Cruiser West Virginia:

"People of Louisiana regret accident of last night. Rejoice it had no serious consequences. Trust your voyage to Washington will be pleasant and devoid of further mishaps.

(Signed.)
"N. C. BLANCHARD,
"Governor."

The captain of the Esparta refused to make any statement to the public as his vessel is under the British flag and he must submit his report to the British consul. The United States Company, to which the vessel is chartered, however, tonight issued the following statement:

"The Esparta sighted a vessel, afterward found to be the Magnolia. The Magnolia blew two whistles, signifying her intention of passing to starboard, which was answered by the Esparta, which latter vessel continued on up the river. At the time of such signal she was within 100 feet of the west bank of the river. About two minutes after the Magnolia blew the first signay, she blew one whistle, signifying her intention of changing her course and crossing to the inside of the Esparta.

"The pilot of the Esparta seeing danger in such action blew her whistles and also the danger signal of three whistles signifying the danger of such a move on the part of the Magnolia, as the pilot of the Esparta was aware of the fact that there was not enough room between the vessel and the bank of the river for the Magnolia to pass, as he had taken his ship in as close as possible so as to leave plenty of room in the middle of the river for the Magnolia, and had the Magnolia adhered to her original signal and intention of passing to starboard, would have passed clear, as the river was over half a mile wide at that point. Instead of this the Magnolia hauled to on port and the two vessels collided. The Esparta struck the Magnolia on the port side about twenty above the bows and considerable damage was done the Magnolia."

Wireless Telegraph Test.

Washington, Oct. 27.—Naval officials are watching with considerable interest the efforts of the commander of the armored cruiser West Virginia to maintain communication with the mainland by wireless telegraphy as she bears the President northward on his return from the South. The wireless stations between the Gulf of Mexico and Hampton Roads with which the West Virginia may communicate are as follows: New Orleans, Pensacola, Key West, Dry Tortugas, Jupiter Inlet, St. Augustine, Savannah, Ga., Charleston (lightship), South Carolina); Diamond Shoals (lightship), and Cape Henry, Va.

HESTER'S COTTON STATISTICS.

World's Visible Supply 3,666,216 Bales Against 2,927,140 Last Year.

By Wire to The Morning Star.

New Orleans, Oct. 27.—Secretary Hester's weekly cotton statement issued to-day shows for the 27 days of October a decrease under last year of 378,000 and an increase over the same period year before last of 69,000.

For the 57 days of the season that have elapsed the aggregate is behind the same days of last year, 436,000 and ahead of the same days year before last, 632,000. The amount brought into sight during the past week has been 424,325 bales against 527,000 for the same seven days last year and 477,446 year before last. The movement since September 1st, shows receipts at all United States ports to be 2,331,397 against 2,458,105 last year. Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 68,624, against 96,746 last year, interior stocks in excess of those held at the close of the commercial year 309,624, against 386,814 last year. Southern mills takings 412,000, against 386,860 last year. The total movement since September 1st is 3,021,820 against 3,457,525 last year.

Foreign exports for the week have been 209,346 against 310,677 last year, making the total thus far for the season 1,334,968, against 1,722,612.

The total takings of American mills, North, South and Canada thus far for the season have been 750,161 against 721,886 last year.

Stocks at the seaboard and 29 leading Southern interior centers have increased during the week, 28,473 bales, against an increase over the corresponding period last season of 95,681. Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop, the supply to date is 3,466,351 against 3,619,492 for the same period last year.

World's Visible Supply.

New Orleans, Oct. 27.—Secretary Hester's statement of the world's visible supply of cotton issued to-day shows the total visible to be 3,666,216 against 3,552,222 last week and 2,927,140 last year. Of this, the total of American cotton is 2,942,216 against 2,795,222 last week and 2,436,140 last year; and of all other kinds, including Egypt, Brazil, India, etc., 724,000 against 757,000 last week and 491,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe, 1,802,000 against 1,404,000 last year; in Egypt, 86,000 against 126,000 last year; in India, 378,000 against 190,000 last year and in the United States, 1,400,000 against 1,182,000 last year.

TRADE AND INDUSTRY ACTIVE.

Bradstreet's Says Only Fear is to Avoid Runaway Markets.

By Wire to the Morning Star.

New York, October 27.—Bradstreet's tomorrow will say:

Activity, in fact buoyancy, still characterizes practically all lines of trade and industry. Cooler weather is a stimulus to retail trade in all but a few small and relatively unimportant sections of the country. Recorded business reflects this in a steady call from jobbers for dry goods, clothing, shoes, hats, in fact, all lines of wearing apparel. Holiday trade in many lines also shows effects of early buying. The practical lifting of the last of the Southern quarantines is helping trade as is also the higher price of cotton, which is loosening up the movement of that staple.

Bank clearings, though comparing with very large totals a year ago, show expansion, particularly at cities outside the metropolis. Taken as a whole, the situation is one which finds no precedents for this season of the year, and stress is being laid upon the need of conservatism if runaway markets are to be avoided.

AWFUL CONFLICT IS INEVITABLE

Conditions in Russia Are Appalling and Bloodshed is Momentarily Expected

REIGN OF TERROR EXISTS

One Province Declared In State of War—Government is Panic Stricken—Orders for Men to Be Shot Down.

By Cable to The Morning Star.

St. Petersburg, Oct. 27.—That the present situation cannot end without bloodshed is the conviction prevailing in the higher government circles which from moment to moment are expecting a conflict between the troops and the revolutionists in St. Petersburg, and already there is news of trouble in the provinces, especially at Kharkoff, which has been declared in a state of war. The Governor Kieff has been instructed to take all necessary measures to restore order, which the local government and the commander of the troops are unable to maintain.

One of the most prominent members of the Emperor's council received The Associate Press correspondent to-day, and said, with every evidence of deep emotion:

"The situation is a grieveous and a painful one and I see no way out of it except by the employment of armed force. Please do not misunderstand me. I look upon the prospect with tears, but it is becoming more and more evident that the troops will be compelled to fire. I can see no other possible outcome. The revolutionists and terrorists are absolutely bent on forcing a conflict upon us and nothing we can do will satisfy them. The extension of the suffrage and the right of assembly will be nothing to them. They are determined to have bloodshed, and we cannot avoid the issue. It is a frightful disease from which Russia is suffering, and, sad and painful as it is, the government must act with force."

The minister said that the law creating a responsible cabinet will probably be promulgated and Count Witte's nomination as premier announced tomorrow. Under the statute the premier mayor may not hold a special portfolio. Count Witte spent almost the entire day with the Emperor at Peterhof and he has not confided to his colleagues whether he intends to take the Ministry of the Interior of the Ministry of France, or no portfolio at all. The whole of the ministerial body is also in ignorance as to whether they will retain their places under the new leader.

Realizing that any attempt to interfere with the monster meeting at the University would inevitably lead to a bloody outbreak, General Trepoff, who announced during the afternoon that he intended to prevent the assembly, instructed the police to close their eyes to the fact and the meeting which was attended by between 15,000 and 20,000 persons passed off without a conflict.

State of Panic.

St. Petersburg, Oct. 27.—3:40 P. M.—During the afternoon the wildest rumors spread and the city was seized with a semi-panic. The students began to congregate at the University in the Vassili Ostrov district, announcing that they intended to hold the building as the students of Kharkoff held their university against the military, and to hold a big meeting tonight to which workmen of all the social groups are invited. Warnings having been issued last night that the government would not permit revolutionary meeting at the universities and higher schools under the guise of student assemblies, General Trepoff despatched troops to surround the building. To add to the alram, the strikers have succeeded in stopping the machinery of the electric light plant, and the city is plunged in darkness.

Reinforcements of troops are pouring into the city. The yellow cuirassiers, hussars and the Omsk regiment have arrived here from Tsarkoe-Selo, and 6,000 soldiers are coming by water from Reval.

Several trains with military escorts have forced their passage from Moscow, but the railroad tie-up is practically as tight as on yesterday. The government's railroad batallions are now exhausted. The last were sent to Moscow and Syzeran last night.

The most alarming reports are circulating about affairs in the South of Russia. Private reports received here are said to confirm the stories of mutiny on board the battleship Catharine II. and the destruction by incendiaries of the battleship Patelemon, formerly the Kniaz Potemkine, but the authorities do not confirm the rumors and telegrams of inquiry remain unanswered.

In the interior of Russia the people have neither mail nor newspapers, and are the prey to the wildest stories of what is occurring. This is considered to be a bad side of the situation as it is feared it may lead to peasant uprisings which in the absence of troops might result in frightful excesses.

In some towns a reign of terror is reported to exist. At Minsk the people have shut up their houses, the Governor having warned them not to venture in the streets at the peril of their lives.

ROOSEVELT'S BIRTHDAY.

He was Forty-Seven Years of Age on Yesterday.

Washington, Oct. 27.—Today was the 47 anniversary of the birth of President Theodore Roosevelt. Owing to his absence from Washington there was no observance of the event here.

New York, October 27.—In the house in which President Roosevelt was born at 28 East 20th street, the 47th anniversary of the President's birth was celebrated to-night at a banquet attended by a hundred members of the Roosevelt Home Club. It is the purpose of the club to purchase the house and use it as a permanent headquarters.

Rear Admiral Coghlan, caused considerable merriment by stating that he had just received the following message from President Roosevelt:

"The President is sleeping soundly. While the Chief Magistrate is on the sea, Admiral Coghlan, who has charge of the wireless system in the Navy, is in constant communication with the ship."

FIGHTING TOBACCO TRUST

Fifth Annual Meeting of Independent Manufacturers—Methods of Trust to Crush Opposition.

By Wire to the Morning Star.

New York, Oct. 27.—Figures showing how the so-called Tobacco Trust has raised the prices and how the Independent manufacturers are combatting these prices were given to-day by Hiram D. Miller, of Philadelphia, president of the Independent Tobacco Manufacturers' Association of the United States at the fifth annual convention of that organization. He said in part:

"To-day the manufacture of licorice paste is almost exclusively in the hands of the Tobacco Trust. Licorice which a few years ago cost us five or five and one-half cents per pound, is now costing us ten and one-half cents to eleven cents per pound. I believe it to be to our interests to appeal to Congress to aid us against this unfair monopoly. We have to-day fair competition with the Tobacco Trust in the purchase of leaf tobacco and in the disposing of our manufactured products. A year ago the trust had the leaf tobacco interest in such shape that it was hard for some independent manufacturers to procure leaf, even at an advance of 75 to 100 per cent. over the actual value. It was almost impossible in some sections of the country for independent manufacturers to get their goods distributed. To-day these conditions do not exist, and if we stand shoulder to shoulder and work as a unit with the investigating committee appointed in Washington which is now investigating the conditions and manner of doing the business of the so-called tobacco trust, I believe the open market, with fair competition, will be established.

The association decided to have a label put on all goods made by its members, but did not designate the kind of mark to be used.

The following officers were elected for the ensuing year:

President—Hiram D. Miller, of Philadelphia.

Vice-President — Hugh Campbell, Richmond.

Secretary—Walter H. Friedlander, Cincinnati.

Treasurer—John W. Surburg, New York.

The following Executive Committee was chosen: Samuel Bloch, Wheeling, W. Va.; George T. Brown, Winston, N. C.; Samuel Harris, New York; Albert Walsert, St. Louis, and C. D. Larus, Richmond.

A committee consisting of President Miller and Vice-President Campbell was appointed to look into the licorice situation, especially with view to the establishment of a plant for the manufacture of licorice paste under the control of the Maufacturers' Association. The committee is to report the result of its investigations to the association at a special meeting to be held in Cincinnati within six weeks.

GOVERNOR'S SECRETARY.

A. H. Arrington Appointed—Recreation for Embracers.

(Special Star Telegram.)

Raleigh, N. C., Oct. 27.—Governor Glenn announces the appointment of A. H. Arrington as his private secretary to succeed the late General James D. Glenn. He is a son of the late Captain John Arrington, who was a staunch supporter of the Governor during the campaign. The appointment, Governor Glenn says, is because of the close relationship existing between him and Captain Arrington and because young Arrington is a young man of exceptional merit. He has been teller of the State treasury since August, 1904.

Governor Glenn writes a letter to counsel for ex-Sheriff Rowan Rogers and J. P. Sorrell, serving terms for embracery in the Gattis vs. Kilgo case, to the effect if the prisoners are as they claim, suffering serious injury by reason of confinement, he will consider the matter of changing their sentence so they can get into the fresh air more, but it will not be by granting prison bounds but by putting them on the county roads. It is not thought this will be acceptable to the prisoners.

A charter is issued for the Charlotte Life Insurance Company, capital a million authorized; $500,000 subscribed by B. D. Heath, D. A. Tompkins and others.

YELLOW FEVER RECORD FRIDAY.

Nine Cases at Pensacola—Only Two at New Orleans.

By Wire to the Morning Star.

New Orleans, Oct. 27.—The following is the official summary of the yellow fever record at New Orleans up to 6 P. M. to-day:

New cases to-day, 2; total cases to date, 3,383.

Deaths to-day, 4; total deaths to-date, 443.

New disease centers, none.

Under treatment, 35.

Discharged, 2,905.

The cool weather that has prevailed for a day or so has had its effect on those who were sick, as is shown by the death record. For the first time since the fever started, the number of deaths has exceeded the number of new cases. The number of cases under treatment has gone down to 35. Dr. White has written to the Surgeon General announcing that most of the regular officers may now be recalled as the work has been practically finished and it is expected that the orders will be received by tomorrow. President Roosevelt told Governor Blanchard that Dr. White would be detailed here, which has caused much satisfaction to the people. The Governor asked that Dr. White be detailed here to assist the local authorities in sanitary matters.

Nine New Cases at Pensacola.

Pensacola, Fla., Oct. 27.—The yellow fever summary tonight is as follows:

New cases today, 9; total cases to date 526.

Deaths today, 2; total deaths to date 74.

Discharged, 374.

Under treatment, 7.

Although the number of cases reported tonight shows but little decrease the officials are not discouraged and believe that a big reduction will be noticeable in three or four days.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price they buy a ton, pay for it, and have it sent home. A little later on they get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

Anthracite Egg	$6.50 per ton
Anthracite Stove	6.50 per ton
